Fiscal Year 2012-2013 Year-End Review

The New York State Gaming Commission was created February 1, 2013 by merging the functions and responsibilities of the former Division of the Lottery and the former Racing & Wagering Board. The Commission regulates all aspects of gaming in the state, including horse racing and pari-mutuel wagering, Indian gaming, charitable gaming, video lottery gaming at racetracks, and traditional lottery gaming. To report on its gaming operations that support aid to education, the Commission is proud to offer this year-end review of its traditional lottery and video lottery gaming businesses for Fiscal Year 2012-13.

The Commission's traditional and video lottery gaming operations remain the nation's largest and most successful; achieving 13 consecutive years of record financial results. The Commission is proud to report sales and net win for the period ending March 31, 2013 totaled $8.93 billion, up 5.9 percent; producing a profit of more than $3.04 billion for education, up 5.2 percent.

New York Lottery Aid to Education

Fiscal Year 2012-2013

Since 1967, the New York Lottery has earned $48.4 billion to support education statewide, including nearly $3.04 billion in fiscal year 2012-13. The amount of funds disbursed by the State Education Department as Lottery Aid, under the state budget process, is based upon estimated Lottery earnings at the time of budget passage. In the event Lottery earnings exceed budget estimates, those additional funds become part of the next year's Lottery aid distribution.
