Mr. William Walsh  
4101 Watson Blvd.  
Johnson City, NY 13790

Dear Mr. Walsh;

I have been in the hospitality business for the 23 years in Broome County. At one time all the hotels, prospered.

In past few years I have seen this industry fall into a recession and it seems not to be rebounding.

The idea of a Casino at Traditions at the Glen, is a perfect plan to help revitalize the Southern Tier.

I want to give my support and give my endorsement to Traditions at the Glen on its bid for a Casino.

The economic benefits that Broome County would receive from a Casino at Traditions will help put the Southern Tier back to the prosperous community it once was.

Sincerely,

Candace Jones, CHA  
General Manager  
Traditions at the Glen

Dear Bill and Sylvia,

Congratulations on your efforts to acquire the casino license being awarded in the Southern Tier!

Having been employed at The Spa at Traditions for 4 1/2 years, I have witnessed the growth in this business and have been proud to be a part of it not only as a massage therapist but also as a manager. The quality of service we provide is unsurpassed by no other spa in this area. I believe that introducing a gaming aspect to our already outstanding facility will not only benefit Broome County's economic situation, but it will also be extremely beneficial to our staff here at The Spa. The clientele that a casino will bring will mean more business for our current staff and the opportunity to hire and have work available for more spa professionals.

I look forward to seeing what the future holds for the Traditions Resort and have faith that the strong business acumen you possess that has brought us to the successful level we stand at now will be extended to adding a casino to our facility that will bring the much needed economic boost Broome County needs.

Dear Bill & Sylvia

I would like to commend you on your efforts to obtain the Southern Tier's Casino license. Being a native of Broome County and a current resident of Tioga County, I believe Traditions Resort is the perfect place for a gaming resort destination. This project will afford many people in the community, including myself, opportunities that would not otherwise be available to them.

The transformation of Traditions resort into a gaming resort will bring a whole new clientele to The Spa at Traditions. As an employee in the managerial sector at The Spa I am excited for the business growth this expansion will create. The Spa will be able to add more services, build larger clientele retention for existing employees, and also provide an opportunity to hire other Spa professionals.

Spa and wellness are synonymous and I believe an emphasis on wellness will play a key role in the success of any gaming establishment. Our Spa is an amenity that can and will create a foundation of well-being, peacefulness, and rejuvenation.

Sincerely

Elizabeth Musser

Dear Bill and Sylvia,

I would like to commend you on your bid for the Southern Tier's Casino license. Being a resident of Whitney Point I am very excited to see some new entertainment options come to the area. This will make things much more convenient for someone such as myself, who has to drive an hour or more to any sort of entertainment. I believe Traditions Resort is the best place for a gaming resort destination as it's near major highways and access points but still remains a serene location for relaxation and healing.

The expansion of Traditions resort into a gaming resort will bring a whole new depth to the Spa at Traditions. We will gain new clientele both local and those traveling into the resort which in turn will allow us to expand and add new services to our current menu and bring in new employees to provide these services.

Good luck! I am very excited to see this project begin!

Sincerely,

I David S. Reis whole heartedly endorse the prospect of The Casino opening @ Traditions at The Glen. Being a Banquet chef here for four plus years I have come to realize we are the premier Banquet-Golf-wedding venue in Broome County. So where else would the Casino fit better?

Looking to the future I can see TRADITIONS at The Glen as a First Rate Casino/Resort Facility and am excited at the prospect.

Dear Bill & Sylvia

I really look forward to Traditions resort transforming into a gaming resort. I commend you in your efforts to win the NYS Southern Tier's casino license. As a hairstylist and nail tech at The Spa at Traditions I am excited for the new clients that will visit Traditions both as a regular guest, as well as those who are from out of town. I look forward to helping people feel beautiful for all types of occasions in which they are visiting the resort.

The economic situation in the Southern Tier has not been prosperous as of recent years, so I am proud to be an employee for such people who are looking to benefit the community as a whole. The economic development and business growth a gaming resort will bring will be unparalleled.

I am writing to express my support for your proposed casino project here at Traditions. Your commitment to "keep it local", using local businesses and vendors, says a lot about your desire to ensure that the whole of the Southern Tier benefits from this endeavor, creating jobs in a much needed area. I believe the increased tourism to the area would create significant growth to area businesses, including hotels, restaurants, retail and beyond. Your dedication and hard work to this project are to be commended, and your reputation as being a family that is dedicated to the betterment of this community is self evident. A wonderful opportunity to revitalize, restore and reinvent the Triple Cities!

To whom it may concern,

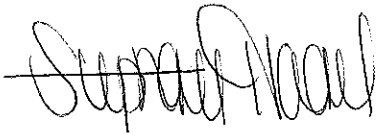

As a newly licensed massage therapist both in Broome County, and with The Spa at Traditions I am thrilled to be a part of the Traditions team during this amazing growth opportunity!

I fully support the development of the casino for several reasons:

- The ability to grow my client base as a newly licensed massage therapist.
- Increased revenue opportunity coupled with job security.
- The creation of new jobs in both Broome County and the surrounding area.
- Also, home owner, the expansion of the casino in my county would also allow for a decreased property tax burden.

For all of these reasons and more, I fully support the expansion of Traditions in bringing a casino to my community.

Sincerely,
