

VI. APPLICANT INFORMATION

N. CONTRACTS WITH STATE OF NEW YORK

Submit as Exhibit VI. N. a list of any current or previous contracts that the Applicant has had with, and any current or previous licenses that the Applicant has been issued by or under, any department or agency of the State. Include the contract or license name and number and a concise explanation of the nature of the contract or license.

The Applicant and its parent entities have never had any contracts with the State of New York. We do, however, want to note that in 2010, a subsidiary of Penn National Gaming Inc, the ultimate 50% owner of the Applicant, did submit to the New York Lottery an Application for Video Lottery Gaming Agent to operate a video lottery facility at Aqueduct Racetrack. As part of this process the subsidiary (New York Gaming Ventures, LLC) did engage in some preliminary negotiations with the New York Lottery on various project related contracts. Penn National does not believe that any of these contracts were formally executed. Nonetheless, since another applicant was ultimately chosen for this opportunity, nothing further came out of such contract negotiations.
